ACKNOWLEDGMENTS

The Centennial Reunion Committee wishes to thank the various city and state chairmen who took the time and trouble to provide us with addresses from all over the country; the Climax Molybdenum Company, whose generous grant provided for the initial expenses of the Reunion and for the publication of this book; the Two Buttes Senior Citizens Council, who made their facilities available not only as Headquarters, but for many work sessions; the principal of the Crested Butte School and his staff, who cooperated with us enthusiastically; the newspapers of the Town and County, for immediately publishing all Reunion news releases; Crested Butte Mountain Resort and Crested Butte Central Reservations, who worked closely with us in making arrangements; the many Crested Butte "new comers" who helped with decorations for the Ball and numerous small details; and all who responded so generously with information and pictures.

We undertook this Directory because we know what great people Crested Butteans tend to be and are proud of all of them. This book is offered to them as a lasting tribute.

Do You Remember . . . ?

In an effort to reach as many people as possible, the Committee went through some old *Rangers* from the Crested Butte Library. Of course, to find addresses for everyone mentioned proved to be impossible. We are therefore presenting the lists to provide "a stroll down memory lane," and a roll of honor.

1894 YEAR—NO. 41

GOOD AFTERNOON, THIS IS MONDAY, MARCH 16, 1938
LADYVILLE, COLORADO 80441

Father George Honored

It was this "father" who was honored at a dinner held at the St. Joseph Church last night.

The day of religion was held at a dinner held at the St. Joseph Church last night.

A girl from central in the town is now in the hospital.

The girl from central in the town is now in the hospital.

As ... Butte Burns

Annie Perko is not of a future in the young people. It would be hard to imagine, she has worked for her, she has done her share. All years have not been very many of it.

Ann's father was a good man, very much so, when Annie was very young, and she spent much of her time with the Miller family. It could not be the Miller family, it was the Miller family and the Miller family.

Ann's father was a good man, very much so, when Annie was very young, and she spent much of her time with the Miller family. It could not be the Miller family, it was the Miller family and the Miller family.

The young people. "I need to be quiet and reserved but being a part of the family really enjoyed me. I had that I belong there and I'm part of the young people." And it's true. If you go to the Miller family you see that. Annie Perko has more than partners than any other lady there and there's all under 30.

Ann's father was a good man, very much so, when Annie was very young, and she spent much of her time with the Miller family. It could not be the Miller family, it was the Miller family and the Miller family.
